Objectives of the training

These University Studies represent the first year of a process **to integrate foreign students in the French university system**, in the first year of BUT (Bachelor of Technology).

The DU FLEST has 3 objectives:

- Place the students in a situation of **language immersion** so they will be prepared to follow courses in management, marketing, sales, etc., (taught in BUT Marketing Techniques) or mechanics, mathematics, electronics, computing, etc., (taught in BUT Mechanical and Production Engineering / Applied Physics / Electrical Engineering and Computer Science);
- Help foreign students to know more about **the methods of teaching in French universities**;
- Reinforce and complete **the required knowledge** in different majors to enter a BUT.

Requirements for entering DU FLEST

- Students are required to have **the equivalent of the “Baccalauréat”**;
- Students must **have studied French for at least 800 hours** in their native country;
- Students must have the **B1 level certificate in French** (Common European Framework);
- Students must have **studied English for at least 300 hours**;
- Students must be interested in **Business and Marketing or Engineering**.

Curriculum

- Courses spread over 32 weeks, from 20 to 25 hours per week at the Institute of Technology;
- Plus personal work.
